American Cyber Notified of Defense Counterintelligence & Security Agency Contract Award

CLIFTON, VA – American Cyber, Inc. was notified by partner and Prime Contractor RiverTech of a contract award by the Defense Counterintelligence and Security Agency (DCSA). DCSA is the security agency in the federal government dedicated to protecting America’s trusted workforce and trusted workspaces. DCSA also services over 100 federal entities, oversees 10,000 cleared companies, and conducts approximately 2 million background investigations each year.

DCSA joins two essential missions: Personnel Vetting and Critical Technology Protection, supported by Counterintelligence and Training, Education and Certification functions.

“The award of this contract enables RiverTech and American Cyber to provide a variety of unique solutions for our customers’ needs”, said Gary Winkler, American Cyber’s President. “We are extremely proud to continue our long-standing relationship supporting the Department of Defense’s mission objectives,” Mr. Winkler continued.

About American Cyber

American Cyber is an award-winning Women-Owned Small Business supporting U.S. Government projects across the globe by identifying, implementing, and integrating leading-edge technology solutions. American Cyber serves customers with a quality and process-based focus per the company’s International Standard Organization (ISO)
